The Fitness Park is coming along very well, the construction department, water department and street Department has put in a lot of work in the last couple of weeks to put the project where it is now. The Grand Opening for the fitness court is October 15, 2022 at pavilion #2. Soccer season is upon us the parks and sports departments has all 8 fields striped out for the season and we will have flags on the next week for their first game on and Tuesday. As of last Saturday 9/3/2022, the Route 66 swamp meet set up at the Roubidoux Park Streeery they will continue to be in the park till sometime in November depending on the weather. We also cleaned out the river bank at the Roubidoux Spring RV campground down by the tent area of the PV Park my crew did an outstanding job down there with the help of the street department. We also need to clean out limbs that are hanging over campers in back of them. But it is hard to move people out with nowhere for them to go so will wait till they move out for a flood. Summer help is gone and we are back to a crew of four.
