

**PUBLIC NOTICE-CUSTOMERS OF
WAYNESVILLE NORTHERN HEIGHTS EST SUB FAILURE TO MEET**

**Lead & Copper Rule MONITORING REQUIREMENTS
FOR DRINKING WATER**

Este informe contiene información muy importante sobre su agua potable. Tradúzcalo o hable con alguien que lo entienda bien.

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During a recent compliance period, we did not monitor or test as required and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the monitoring we did not conduct, how often we are supposed to sample and how many samples we are supposed to take, how many samples we took and when the samples should have been taken.

Required Monitoring	Required Monitoring Frequency	Number of samples taken	When all samples should have been taken
Lead & Copper Rule	10 per YR	0	September 30, 2018

What happened? What is being done? (Describe corrective action.)

IN THE TRANSITION OF TAKING OVER THIS NEW SYSTEM, THIS TEST WAS MISSED. OUR MONTHLY WATER QUALITY TEST HAS ALWAYS PASSED. WE MISSED THIS TEST, WHICH IS A TEST FOR LEAD & COPPER IN RESIDENTIAL HOUSES. WE WILL RE-TEST THIS SUMMER AS REQUIRED BY DNR.

For more information, please contact water system staff indicated below:

JACK ELDREDGE at 573-433-1903 or _____

(name of water system contact) (phone number) (mailing address)

Additionally you may contact the Missouri Department of Natural Resources' Southeast Regional Office at 573-840-9750 or Public Drinking Water Branch at 573-751-1406.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
