## OLD STAGECOACH STOP IS A COMMUNITY CLASSROOM

The Old Stagecoach Stop has stood on the east side of the Waynesville square for more than 150 years. It was there when the village had only 14 buildings and less than 100 inhabitants. As a hotel, it provided shelter to soldiers from the Civil War through the buildup to Vietnam. During the heyday of Route 66, tourists stopped at the hotel.

The old hotel became vacant and deteriorated. It was condemned by the City of Waynesville in 1980 and a group of civic minded citizens formed the Old Stagecoach Foundation to save it from certain demolition. The building was purchased and the volunteer Board of Directors began improving its structural stability and restoring the interior. They have turned the venerable building into a house museum. The Foundation's biggest challenge now is maintaining the two story structure.

The ten rooms interpret not only the story of the building, but the major events of Pulaski County's history. Tour guides welcome visitors on Saturdays from April through September, 10 a.m. to 4 p.m. If you have not visited Pulaski County's oldest building in a while, stop in for a visit.

If you are new resident, learn about the rich heritage of the area in which you live. For more information, visit [www.oldstagecoachstop.org](http://www.oldstagecoachstop.org).

**CODE RED UPDATE**

The City's automated notification system is beginning. You may sign up for the new service on our City website at [www.waynesvillemo.org](http://www.waynesvillemo.org). You will be able to sign up for notification on various devices: text, email, land lines and cell phones. This system will alert you to weather warnings, emergency situations within the City and even utility incidents, such as a boil water order or electric shut-off.

We continue to seek grants to repair our sirens. The expense of \$30,000-\$40,000 per siren has made us search for a better return for our monies.

**FOREIGN KUDOS**

From our Czech visitors in June, from their website. "After a while the rest of us took a short stroll to the centre of Waynesville. It seemed that this town is another shining example of the "live the Route 66". In the middle is built a small pedestrian zone with beautiful, stylish shops...our favorite wine shop, bakery, confectionery, ice-cream parlour, barber shop - everything was neat and clean and interesting. After Route 66 rides for many years and of course, every time, passing through Waynesville to discover how nice this place was, in fact, a pleasant surprise. I had no idea."
