Mowing season is here, which also includes weekly maintenance on the mowers. The green spaces around the new bathroom on Benton Street has been seeded and strawed thanks to the building department who had a big role in completing the job. Six benches have been placed along the walking trail in the lower park so people can rest along the way. Eight picnic tables are available to place in the parks. Thanks to the electric department, the electric podium in the RV Park has been fixed and a new pole has been set securely in the ground. The broken drum on the Little Heroes Playground has also
