A MAJOR WIND STORM STRIKES WAYNESVILLE

In late August, a straight line wind hit unexpectedly in the afternoon and left many downed trees and damage in its wake. The COAD trailer stored at the Park lot was destroyed. Several homes suffered roof damage and there were reports of cars being damaged, but thankfully, no injuries. The city had power outages and major clean-up on city streets. The city also staged a pick up the week of September 3rd to pick up limbs and debris.

The leaf dump was available for citizens, also.
